-----X  
UNITED STATES OF AMERICA :  
: **ORDER**  
v. :  
: 15 CR 402 (VB)  
JUSTIN LAUREL, :  
Defendant. :  
-----X

In a submission entitled “objection to order dated 5/1/20” (docketed as Doc. #5 in 20cv3369), defendant claims the Court incorrectly ruled that it does not have the power to waive the administrative exhaustion requirement in 18 U.S.C. § 3582(c)(1)(A). The Court construes the “objection” as a motion for reconsideration of the Court’s prior order. Having done so, the motion is DENIED.

Chambers will mail a copy of this Order to defendant at the following address:
